FIBERGLASS MINERAL SURFACE ROLL ROOFING

PRODUCT DESCRIPTION

GAP Fiberglass Mineral Surface Rolls (#90 MSR rolls) are manufactured from fiberglass mat and is coated on both sides of the fiberglass mat with weathering grade asphalt coating and is covered on the top with ceramic mineral slate surface granules. These rolls are available in nine different colors.

Colors: White, Black, Brown, Green, Red, Cedar, Emerald Green, Weathered Wood and Dark Oak Blend.

PRODUCT USE

GAP Fiberglass #90 Mineral Surfaced Roll is a general purpose economical choice roll roofing product that can be used with cold adhesives or hot mopping applications for low slope roofs. We recommend Cold method application with lap cement or Plastic roof cement. It is also used as cap sheet in the construction of build-up-roofs. This product is available in nine colors to match the existing roof colors.
